FINAL MEETING OF THE EUROPEAN PROJECT Active IN BUCHAREST (ROMANIA)

The fifth and final meeting of the Active project took place in Bucharest, Romania, on June 4th and 5th 2018. The overall aim of the project is to increase the technological and digital skills of older persons focusing in particular on the use of assistive technologies.

Host of the final meeting was Centrul IT pentru Stiinta si Tehnologie (CITST). On the first day the consortium visited a research lab of the University in Bucharest, where the participants had the chance to test several assistive technologies, including a robot.

On the second day of the meeting the partners reviewed and critically commented on all the materials that have been developed so far within the project. Another aspect that was discussed was the user feedback on the online platform gathered in the first workshops. Visit the website of the project to learn more about it and to download the first results (work in progress). Shortly, the learning platform will be publicly accessible.

The consortium is formed by the following entities:

- Institute for Work and Technology (Germany)
- E -SENIORS (France),
- Centrul IT pentru Stiinta si Tehnologie (Romania),
- Stowarzyszenie Spoleczenstwa Wiedzy (Poland),
- GESTIO SOCIO SANITARIA AL MEDITERRANI SL (Spain),
- Instituts für Sozialforschung und Sozialwirtschaft e.V. (Germany)

Active is a project funded by the European Commission within the ERASMUS+ 2016 Programme.
